EMILIE BIALAIS

Junior
Fullstack Developer

PERSONAL PROFILE

After a first 11-year successful career as physiotherapist in intensive care unit, I decided to reinvent my professional life and, always been interested in the power of the web, I become web developer. My previous scientific background is a major asset for this new learning. I am passionate, committed and I love to learn.

LANGUAGES

French (native)
English (experimented),
Dutch and German (basic)
